Contacts47 RUE DU FAUBOURG SAINT HONORE, 75008, PARIS 08, FranceEdmond de Rothschild (France) SEAT PARIS 08. 18 MAR Following the deletion of Edmond de Rothschild (Suisse) S.A. from the list and the simplification of its legal structure in 2019, the following data include the 2019 report of Edmond de Rothschild (France). In a radically changing industry, we are convinced of the relevance of our positioning and are determined to make investment vector of change while providing innovative products and solutions to our customers. Our great financial strength gives us the freedom we need to invest in our model and grow with acquisitions Ariane de Rothschild, chairman of the board of directors of the group-managed Edmond de Rothschild Group Assets, reached CHF 173 billion at the end of 2019, an increase of 3% compared to the same period last year, reflecting developments in financial markets. Edmond de Rothschild (Suisse) S.A. experienced an outflow of CHF 2.4 billion, mainly from overlaps and stock lines, over the same period. For its part, the private banking business experienced a net positive inflow and the real asset platform significantly exceeded 16 billion assets managed at the end of 2019. In this respect, the latest capital injection from bridge, an international investor in the infrastructure debt strategy, increased the amounts under management to CHF 2,8 billion. As far as private equity is concerned, the SMART Estate strategy, which is converting outdated buildings by taking advantage of new trends, has been a big hit for private customers, while the real estate platform Edmond Rothschild REIM continued to expand and diversity, reaching CHF 11.4 billion. In addition, the group's assets managed according to responsible investment principles continued to grow and reached CHF 10.7 billion at the end of 2019: 95% of the assets in private equity strategies are managed on the basis of responsible investment criteria. The aim is to reach 100% in 2020;one infrastructure debt strategy has been given the GreenFin label; Three collective investment funds have been given a socially responsible investment label: a share fund, a loan fund and a convertible fund, which is the first French fund in this asset class to receive this kind of label.1.7 billion in two listed real estate funds are managed on the basis of SRI principles The quality of Edmond Rothschild's management strategies has once again been recognised with the award of the Best Fund over 3 and 5 years to the EdR Fund Emerging Credit by the Thomson Reuters Lipper Fund (Europe, France, Switzerland, Austria, United Kingdom, Germany, the Netherlands). At CHF 784 million, revenue increased by 13% compared to the previous year. Excluding changes in the scope of consolidation, revenues decreased (-4%) compared to the 2018 financial year. Strategic directions implemented in recent years have ensured revenue levels and absorbed focus on our target customer base, increasing customer risk adi avoidance and declining activity in stock market markets. Spending increased by 14% in 2019 due to the integration of Edmond de Rothschild (France). Apart from this change in the scope of consolidation, costs have been reduced by nearly 5% thanks to careful management of staff costs and other operating costs to focus our investments on our growth areas. Overall, gross operating income was CHF 131 million, up nearly 10%. Gross operating income is permanent. Net consolidated profit reached CHF 43.9 million in 2019. In 2018, there were CHF 222 million, taking into account very high exceptional items from Swiss real estate and lease-back transactions, as well as the divestment of rothschild & co.'s shares. The annual dividend of the general meeting will be CHF 50 million. The Edmond de Rothschild Group will continue to receive a stable balance sheet, reflecting, together with conservative risk management, excess capital of CHF 2019 and nearly CHF 650 million. In 2019, our asset management business suffered from a lack of interest from investors in equity and overlapping lines. The strength of private inflows in all areas and the strong growth of our real asset strategies have strengthened the relevance of our strategy. Over the period, we were able to continue our efforts to increase our agility while continuing to focus on meeting the needs of our institutional and private customers. The current environment requires greater care. We have mobilised the the health of our employees, our business and continuity of service to our customers Vincent Taupin, CEO of Edmond de Rothschild Group Edmond De Rothschild (suisse) S.a., is registered with the U.S. Security and Exchange Commission and is registered in the State of Switzerland.
