Goalie mask template design

Need a hockey goalkeeper mask design in PDF or EPS, I have a theme and a template for size and layout. Need someone to make it. I have some files for the helmet that are finished and must be incorporated into the helmet. One photo below has a license plate and I have the file for it done, also it's the helmet what's designing today. This is a wrap and not paint. I would like to have a ribbon theme along the bottom of the mask similar to the image dave art 4366012734 The color of the hockey team is red /white and has the maple leaf theme on the jersey.
